IQ classification is the practice by IQ test publishers of labeling IQ score ranges with category names such as "superior" or "average". There are several publishers of tests of cognitive abilities. No two publishers use exactly the same classification labels, which have changed from time to time since the beginning of intelligence testing in the early twentieth century. . IQ scores have been ...

The classification of mental disorders is also known as psychiatric nosology or psychiatric taxonomy. It represents a key aspect of psychiatry and other mental health professions and is an important issue for people who may be diagnosed. There are currently two widely established systems for classifying mental disorders: . Chapter V of the International Classification of Diseases (ICD-10 ...

Classification of mental disorders - Wikipedia

Pulmonary embolism is the third most common acute cardiovascular disease, after myocardial infarction and stroke, and results in an estimated 200,000-300,000 hospitalizations and 37,000-44,000 deaths per year in the United States [1]. In 1980, Godwin et al. [2] were among the first to describe pulmonary embolism on contrast-enhanced CT. In 1990, the Prospective Investigation of Pulmonary Embolism ...
