Information for Parents and Families. While all children grow and develop in unique ways, some children experience delays in their development. Children in Pennsylvania with developmental delays and disabilities benefit from a state supported collaboration among parents, service practitioners and others who work with young children needing special services.

Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.
