Art of Noise discography - Wikipedia

In music, noise is variously described as unpitched, indeterminate, uncontrolled, loud, unmusical, or unwanted sound. Noise is an important component of the sound of the human voice and all musical instruments, particularly in unpitched percussion instruments and electric guitars (using distortion). Electronic instruments create various colours of noise.

Abstract: Historical chronicles of military conflict normally focus on the decisions and perspectives of leaders. But new methodologies, pioneered by John Keegan's Face of Battle, have focused attention on the battle experience of the common soldier. Applying this methodology to a careful reading of details within the Book of Mormon shows an experience in battle that is just as horrific as it ...
