The Causes of Wetland Loss Several main factors contribute to wetland loss in Louisiana: subsidence, sea level rise, and human disturbance. Subsidence Subsidence is "the gradual sinking of coastal land into the ocean due to geological movement of deposits along tectonic fault lines and the compaction of loosely deposited sediments" (USACE).

â€˜The Originals: The Riseâ€™™ is a story about three original, ancient vampires who are impossible to hate and surprisingly easy to love. The plot of the novel was intriguing if not a bit cliché. Once I forgave them for their faults and their errors, I got sucked in the story of their rise to power and settlement in New Orleans.
