

the structure of multimodal pdf

Multimodal interaction provides the user with multiple modes of interacting with a system. A multimodal interface provides several distinct tools for input and output of data. For example, a multimodal question answering system employs multiple modalities (such as text and photo) at both question (input) and answer (output) level.

Current definitions of literacy frequently refer to multimedia and multimodal texts, and there are references to such materials throughout the draft version of the new national English curriculum. It is therefore timely to consider how teachers can become familiar with and confident in their use of multimodal texts in the classroom. The authors identify areas of professional learning of ...
